Notes:

*"The number of applicants for admission" column indicates the number of applicants by category who have submitted application forms according to the application guidelines.

*The number of students enrolled in AY2022 (including substitutes but excluding transfers) is shown in the "Number of students enrolled" column. The number of enrollments is calculated by age (as of May 1) for those who enrolled in AY2022 as of May1. Therefore, those who once enrolled but withdrew or were expelled from the university by May 1 are excluded. International students who have entered the university without taking the entrance examination (Japanese Government Scholarship students, foreign-government sponsored students, etc.) are also included.

*"From foreign schools" column refer to the students who have completed 12 years of school education or its equivalent in a foreign country and those designated by the Minister of Education, Culture, Sports, Science and Technology, as prescribed in Article 150, item 1 of the ordinance for Enforcement of the School Education Act.

*"From upper course" column refer to the students who have completed the upper secondary course of a specialized training college, as prescribed in Article 150, item 3 of the Ordinance for Enforcement of the School Education Act.

*Others (students achieving the proficiency level of upper secondary school graduates, etc.) refer to those other than aforementioned and stipulated in Article 150 of the Ordinance for Enforcement of the School Education Act (Those who have passed the high school equivalency examination administered by the Ministry of Education, Culture, Sports, Science and Technology in accordance with the Regulations on High School Graduation Certificate Examinations (Ministry of Education, Culture, Sports, Science and Technology Ordinance No.1, 2005).
